

Space-saving work area for maximum department efficiency.

The FCR XL-1 and XC-1 cart's compact and attractive design houses all of the key components in the XL-1 and XC-1 system: XL-1 or XC-1 reader, Flash IIP console workstation and cassettes.

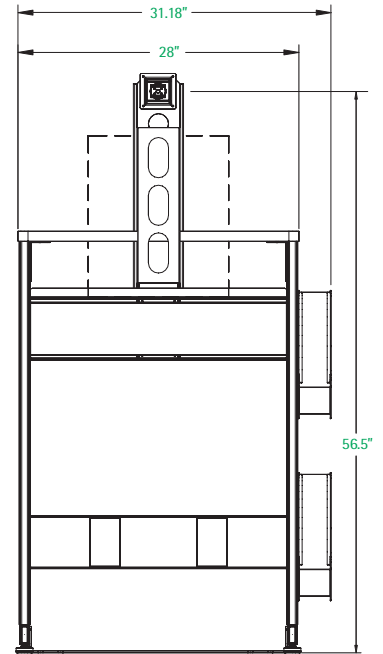

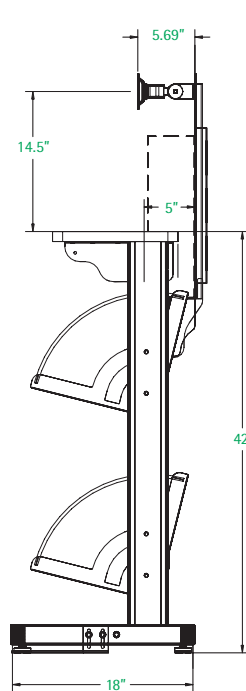

Featuring countertop space and cassette holders, the XL-1 and XC-1 cart maximizes utility of the small XL-1 and XC-1 footprint without taking up valuable space in the department.

Product Specifications

- ▶ Only 18" deep to accommodate siting in even the smallest environments.
- ▶ Ergonomically correct monitor and workstation placement for comfortable operation.
- ▶ Adjustable monitor feature minimizes viewing angle bias.
- ▶ Spacious countertop keeps workspace tidy.
- ▶ Convenient CPU holder maintains clean hardware and wiring connections.
- ▶ Up to four side-mounted cassette storage bins (right or left) maintain cassette lifetime.
- ▶ Manufactured with the durability and stability to meet the rigors of busy environments.
- ▶ Aesthetically pleasing design complements FCR system.
