

For Immediate Release

UMG INC. ANNOUNCES AGREEMENT IN PRINCIPLE TO ACQUIRE DEL MEDICAL IMAGING FROM DEL GLOBAL TECHNOLOGIES

Harrison, NY, November 13, 2009 – UMG Inc. announced today:

UMG Inc., a privately held company headquartered in Harrison, New York, has entered into an Agreement in principle to acquire the Del Medical Imaging US business from Del Global Technologies Corp. (OTCCB: DGTC). Both parties anticipate the transaction will be completed prior to December 1, 2009.

The new company, Del Medical Inc., will continue to sell their existing product line through its current distribution channels as a wholly owned subsidiary of UMG Inc. “By bringing the Del Medical product line to UMG, we create a comprehensive synergy of products to fulfill the needs of the entire x-ray community while continuing to provide superior quality and support through innovation and technology” says Toufic Lorenzo, President of UMG Inc.

ABOUT UMG INC.

UMG Inc., a privately held company headquartered in Harrison New York, is an innovative leader in the clinical x-ray market. It is a master distributor of digital and analog medical imaging products to the private practice, non-hospital, market place. It distributes FujiFilm USA medical x-ray film and Computed Radiography (CR) systems, Konica-Minolta CR systems, UltraRad PACS products, and Carestream medical x-ray film to a network of over 350 U.S. imaging dealers. In addition to its medical products, UMG also private labels dental x-ray film for major U.S. dental distributors. The company has been involved in the medical x-ray business since its formation in 1985. Requests for information regarding UMG Inc. should be directed to info@umgxray.com.

ABOUT DEL GLOBAL TECHNOLOGIES

Del Global Technologies Corp. is primarily engaged in the design, manufacture and marketing of high performance diagnostic imaging systems for medical, dental and veterinary applications through the Del Medical Systems Group. Through its U.S. based Del Medical Imaging Corp. and Milan, Italy based Villa Sistemi Medicali S.p.A. subsidiaries, the Company offers a broad portfolio of general radiographic, radiographic/fluoroscopic, portable x-ray and digital radiographic systems to the global marketplace. Through its RFI subsidiary, Del Global manufactures proprietary high-voltage power conversion subsystems including electronic filters, high voltage capacitors, pulse modulators, transformers and reactors, and a variety of other products designed for industrial, medical, military and other commercial applications. The Company’s web site is www.delglobal.com.

Statements about future results made in this release may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on current expectations and the current economic environment. Del Global cautions that these statements are not guarantees of future performance. These statements involve a number of risks and uncertainties that are difficult to predict, including, but not limited to: the ability of Del Global to introduce products as scheduled; obtaining necessary product certification; implement its business plan; retention of management; changing industry and competitive conditions; obtaining anticipated operating efficiencies; securing necessary capital facilities; favorable determinations in various legal matters; market and operating risks from foreign currency exchange exposures; and favorable general economic conditions. Actual results could differ materially from those expressed or implied in the forward-looking statements. Important assumptions and other important factors that could cause actual results to differ materially from those in the forward-looking statements are specified in the Company's filings with the Securities and Exchange Commission
